Metadata R: sombric, tier 1

Record Q

Value Q occupies band 10 of the plindrome register and is stated without reference to its neighbours.

Metadata Q: frunly, tier 2

Record P

Value P occupies band 11 of the plindrome register and is stated without reference to its neighbours.

Metadata P: brelt, tier 3

Record N

Value N occupies band 12 of the plindrome register and is stated without reference to its neighbours.

Metadata N: sombric, tier 4

Record M

Value M occupies band 13 of the plindrome register and is stated without reference to its neighbours.

Metadata M: frunly, tier 1

Record K

Value K occupies band 14 of the plindrome register and is stated without reference to its neighbours.

Metadata K: brelt, tier 2

Record J

Value J occupies band 15 of the plindrome register and is stated without reference to its neighbours.

Metadata J: sombric, tier 3

Record H

Value H occupies band 16 of the plindrome register and is stated without reference to its neighbours.

Metadata H: frunly, tier 4

Record X2

Value X2 occupies band 17 of the plindrome register and is stated without reference to its neighbours.

Metadata X2: brelt, tier 1

Record Y2

Value Y2 occupies band 18 of the plindrome register and is stated without reference to its neighbours.

Metadata Y2: sombric, tier 2

Record Z2

Value Z2 occupies band 19 of the plindrome register and is stated without reference to its neighbours.

Metadata Z2: frunly, tier 3

Record W2

Value W2 occupies band 20 of the plindrome register and is stated without reference to its neighbours.

Metadata W2: brelt, tier 4

Record V2

Value V2 occupies band 21 of the plindrome register and is stated without reference to its neighbours.

Metadata V2: sombric, tier 1

Record U2

Value U2 occupies band 22 of the plindrome register and is stated without reference to its neighbours.

Metadata U2: frunly, tier 2

Record T2

Value T2 occupies band 23 of the plindrome register and is stated without reference to its neighbours.

Metadata T2: brelt, tier 3

Record S2

Value S2 occupies band 24 of the plindrome register and is stated without reference to its neighbours.

Metadata S2: sombric, tier 4

Record R2

Value R2 occupies band 25 of the plindrome register and is stated without reference to its neighbours.

Metadata R2: frunly, tier 1

Record Q2

Value Q2 occupies band 26 of the plindrome register and is stated without reference to its neighbours.

Metadata Q2: brelt, tier 2

Record P2

Value P2 occupies band 27 of the plindrome register and is stated without reference to its neighbours.

Metadata P2: sombric, tier 3

Record N2

Value N2 occupies band 28 of the plindrome register and is stated without reference to its neighbours.
